www.tutorics.com

Tutorics helps students in the Ottawa-Gatineau area, at the high school, college, and university levels. Our main focus is on the technical subjects of Math, Sciences, Engineering, and Computer Science in both the English and French languages.

We customize our tutoring to suit the unique challenges that a student might be having.

Tutoring takes place at our premises, the student's home, or in a public location such as a public library. Soon, we will also be offering online tutoring using a unique video-conferencing technique.

We tutor at any time that is convenient to the student: weekdays or weekends; mornings, afternoons, or evenings.

We offer one-on-one or group tutoring, depending on your needs.

Why choose us?

Experienced ⚙ Customizable ⚙ Flexible ⚙ Affordable ⚙ Convenient ⚙ Knowledgeable
